November 2010

President's Message

On Nov. 3 we completed another training session on Standardized Training for Outage Recovery in the Metro (STORM). Again, over 80 electricians attended this award-winning class and there is a waiting list for future classes. We are interested in knowing other types of training our membership would like us to develop. Contact me or Brenda Danner, the Education Committee chairperson, and tell us your ideas.

I look forward to seeing you at the Annual Meeting and Holiday Party on Dec. 3. Register Now!

Holiday Luncheon - cont.

the luncheon had a ticket in the barrel! Don't despair, for those of you who put your employees' names on tickets and they are not able to attend with you, you could return to the office with the door prize and hold your own drawing.

You have an opportunity to contribute more to the Foundation on the registration form by adding a specific dollar amount you would like to donate to the Foundation for scholarships and the annual charitable donation.

The beneficiary is really the Foundation. With your participation at the Holiday Luncheon we are able to award from \$1,000-\$1,500 annually to assist student(s) with their college education, plus we are able to donate \$1,000 each year to a worthwhile local charity. Your participation is invaluable towards this effort.

This year the Holiday Luncheon Committee and your board agreed to donate \$1,000 to the River of Refuge, a worthwhile organization in Raytown, Mo., that transitions homeless families who have jobs from high rent motels and shelters into permanent housing. John Wylie, the executive director, will be at our luncheon to help us learn more about their efforts and how we can get involved.

Plan to join us at our Dec. 3rd Holiday Luncheon!
