LIGHTING SURGE PROTECTION AND COMPRESSION GROUNDING

Provided by

DATE: Tuesday, October 8, 2019

TIME: 7:30am/Registration; 8:00am – 1:00pm/Seminar

LOCATION: KCP&L Cedar Point Training Facility
10058 Raytown Road, Kansas City, MO 64134
Room Location: Red Cedar A
Building on the right

COST: \$40/Members; \$65/Non-Members (Lunch Provided)

DESCRIPTION:

SSI, part of the ILSCO family of companies, is pleased to introduce an overview of lighting, surge protection, and compression grounding; with their efforts on electrical power systems, instrumentation, and electrical control systems. We will address both proper design and installation; along with two essential requirements to effective surge mitigation. This interactive 5-hour course will focus on the practical application of IEEE, UL and NFPA standards to everyday commercial and industrial applications.

COVERED TOPICS:

- Compression Grounding
- Compression Connectors
- Industry Term and Reference – Are we speaking the same language?
- The Surge Environment
- SPD Design Basics
- Product Specifications
- Proper SPD Installation Techniques
- Application Results
- Comparative Testing

SPEAKERS:

- Tim Butcher, Senior Applications Engineer, SSI
- Ken Neill, Gulf Coast Regional Manager, ILSCO
- Brad Borchers, Product Manager, ILSCO

CEUs - .5 (5 Hour Session):

The Lighting, Surge Protection & Compression Ground Seminar is accredited for Professional Development Hours or Continuing Education Units through the Institute of Electrical and Electronic Engineers (IEEE).
