The new sponsorship program was introduced in March, and we're off to a great start!

This program allows our members to "Be Recognized" for their contributions toward chapter functions and advertisement; while budging for the entire year.

The purpose of this program is to enhance the recognition of members for their important participation and generous support of the Electric League of MO & KS; through their monetary contributions toward important league functions and advertisement through our communication media.

Our goals is to:

- 1) enrich member participation at all functions; Defray costs associated with functions;
- 2) streamline and forecast annual expenses sought for by The League;
- 3) optimize annual marketing dollars allotted the League; and
- 4) enhance support recognition through all means available.

Special Thanks to those companies that have committed to The League to date:

- ✓ ABB
- ✓ American Electric – Riverside
- ✓ Board of Public Utilities
- ✓ Border States Electric
- ✓ CBM
- ✓ C&O Sales
- ✓ Crescent Electric Supply
- ✓ Cummins
- ✓ Edison Credit Union
- ✓ Foley Power Solutions
- ✓ Gibbens Drake Scott
- ✓ Graybar
- ✓ I.B.E.W. – Local 124
- ✓ Square D - Schneider Electric
- ✓ Stanion Wholesale Electric

IS YOUR COMPANY NAME MISSING?

Planning Tool Helps Guide Disaster Preparation and Recovery Strategies

By Federated Insurance Co.

The skies are clear. The river is at its normal level. Authorities are reporting a low risk of wildfire. Fault lines have been quiet. It's tempting to operate your business as if these will always be the case. But what will you do when disaster strikes? Ask any business owner who has been through a disaster – thorough preparation makes all the difference.

When you experience a catastrophe, the trauma and stress make it difficult, if not impossible, to think clearly enough to begin setting things right. And unless you've collected all the documents and information you need for operational continuity, you'll have a hard time getting things moving again.

Federated Mutual Insurance Company® offers the resources you need to prepare your business for a disaster with the Institute for Business and Home Safety (IBHS) Open for Business-EZ® program. The program, available online or in print, guides business owners through the process of developing a plan to help keep a business profitable after a disaster.

The toolkit contains documents to record information about the major areas of your business, including basic operations, equipment, employees, customers, suppliers, vendors, finances, and information technology. It also helps you record and assess your risk for a variety of natural and man-made disasters, and test your plan for reaction and recovery. To access the toolkit, visit the IBHS website or log on to Federated's Shield Network and click on "IBHS – Disaster Planning."

The IBHS website also offers a tool that helps users identify threats specific to their geographic region, helping to focus preparedness efforts. It also provides information on best practices, including assessments, guides, and checklists to help prepare for these perils:

- Earthquakes
- Floods
- Freezing weather
- Hail
- High winds
- Hurricanes
- Tornadoes
- Wildfire

The site www.disaster-safety.org is also great for employees of the business to learn how to prepare for disasters. A business cannot recover unless they have employees that can help and employees can't help the business until they have their own personal situation under control. For more information on OFB-EZ® and the library of other risk management resources Federated Insurance® offers, contact your local Federated marketing representative.

This article is for general information and risk prevention only and should not be considered legal or other expert advice. The recommendations herein may help reduce, but are not guaranteed to eliminate any or all risk of loss. Qualified counsel should be sought with questions specific to your circumstances. © 2019 Federated Mutual Insurance Company.
